

Quality Policy

"At Accon we understand that every employee is responsible for their quality and environmental performance in the value chain."

QUALITY POLICY OF ACCON GROUP

Accon Group is a major supplier of bulk packaging solutions to the industry in Europe and specializing in the Nordic countries. With over 30 years of experience, Accon's focus has always been to be a reliable business partner that offers packaging solutions of high quality.

Accon strives to be a company governed by its values **Commitment, Quality and Sustainability** which form the basis for how we develop our business.

- We adhere to ethical principles, applicable laws and regulations.
- We set clear goals and objectives and regularly measure the performance of our processes.
- We are committed to continuous improvement.
- We are continuously monitoring our business environment in order to address challenges and opportunities. We trust in people and encourage them to build quality mind-set throughout the whole value chain of our operations.
- We are reliable and deliver our promises to our internal and external stakeholders.
- We are innovative in product development, and we seek more technically advanced and environmentally friendly packaging solutions.
- We create and maintain long-term collaborative partnerships.

At Accon we understand that every employee is responsible for their quality and environmental performance in the value chain. Therefore, we train our staff regularly enabling them to bear responsibility.
